Short description

Intel® Core™ i7-4700MQ processor, Windows 8, NVIDIA® GeForce® GTX 770M DirectX® 11 graphics, 1,000 GB hard drive, 128 GB SSD, 16 GB RAM memory, Blu-ray drive, Dolby Home Theater® v4, 43.9 cm/17.3" matte full HD display

Long description

The ultimate gaming notebook – get a tough one!
The basis for the intelligent performance of the MEDION® ERAZER® X7825 is its new Intel® Core™ i7-4700MQ processor – be more productive than ever before, with the high-performance fourth-generation Intel® Core™ processors! The Intel® processor automatically adjusts to higher performance demands and activates the Turbo Boost feature just when you need it. Ultimate gaming enjoyment is guaranteed by the brand new high-end NVIDIA® GeForce® GTX 770M DirectX® 11 gaming graphics that deliver unbeatable performance for the latest games and help you to leave the competition in your wake. Windows 8 is installed as the operating system – it is faster, more reliable and simplifies your daily tasks.

The matt 43.9 cm/17.3" HD display will take your breath away, with its particularly intense colours, crystal-clear picture reproduction and fast reaction time – just the way gaming is supposed to look! The huge 1,000 GB hard drive offers plenty of space to save your photos or music. In addition, there is a 128 GB SSD, exceptional 8 GB DDR3L memory for extremely quick and reliable access to programs and a Blu-ray drive.

The data turbo: thanks to cutting-edge USB 3.0 interface technology, you can transfer your data in seconds. The sound of the high-definition audio system’s two loudspeakers

MEDION ERAZER X7825 Lamptop (MD98416)

and subwoofer brings your pictures to life – a fantastic Dolby Home Theater® v4-certified audio experience with dynamic and clear bass sounds. The LED lights embedded in the notebook cover round off the overall package. The MEDION® ERAZER® X7825 presents its powerful performance packaged in a high-quality dark brushed aluminium look.

Windows 8
Beautiful, fast and fluid
Windows 8 has been redeveloped to be all about you. Put what matters most right on your Start screen and get instant access to your people, apps, sites and more, so you can spend less time searching and more time doing.

Fourth-generation Intel® Core™ i7-4700MQ processor
(2.4 GHz, with Turbo Boost Technology 2.0 up to 3.4 GHz, 4 MB Intel® Smart Cache)
Intelligent performance and brilliant images at the highest level.
Get yourself top performance for the most demanding applications! The fourth-generation Intel® Core™ i7 processor impresses with its improved battery life and integrated security features to deliver a higher level of protection.

43.9 cm/17.3” widescreen LED backlight display
with a full HD resolution of 1,920 x 1,080 pixels
Pure gaming experience! Intensive colours and crystal-clear picture reproduction with especially high resolution.

1 TB (1000 GB) S-ATA hard drive
Enough for more than 200,000 music tracks or photos (at 4 MB per track/picture)
The integrated second hard drive slot allows you to more than double your storage capacity by adding a standard 6.35 cm/2.5" hard drive.

16 GB DDR3L SDRAM
With high-speed and energy-saving memory technology!

Blu-ray reader/multi-standard DVD/CD burner*
with DVD-RAM and dual layer support

Living sound – high-definition audio with 2 loudspeakers and 1 subwoofer
Dolby Home Theater®** v4 certified
Dolby Home Theater® transports you right into the very middle of the events on your screen – providing a cinematic experience for home or on the move. Thanks to the high-performance, modern audio technology, with Dolby Home Theater you can enjoy music, films and games with lively surround sound.

USB 3.0*** – the data turbo
Transfer data much faster – with the latest USB 3.0 interface technology.
